BLACK TIE, A SLEEK AND GLAMOROUS STYLE THAT RECALLS THE VIBRANCY OF A METROPOLITAN CITY AND A CLASSIC VERSION OF UPTOWN ENTERTAINING.

PALM BEACH

COLLECTION

PARISIAN

Introducing our Parisian style which embodies the effortlessness and grace of French style. The focus here is on simplicity, comfort, restraint and always refined.

Think understated chic, the simplest of silhouettes, an edited collection of refined fabrics along with an overarching sense of timelessness and that's the key to Parisian style. This classic, perennial sensibility draws inspiration from the old-school elegance of avenue Montaigne or avenue Georges V, blended with the spirit of the Marais to result in a look that at once takes its cues from heritage architecture but blends easily with a more au courant contemporary take on an aspirational lifestyle.

There are influences here from classic Parisian fashion, where both the precision of dressmaking collides with a layback looseness of dressing that results in something so intrinsically chic, effortless – a certain *je ne sais quoi*.

It's that same sensibility that exists in the urban elegance of Parisian interiors: a restrained, often monochromatic color palette, the subtlest accents of brass or bronze – all of it feeling balanced and serene. For Eichholtz that means the careful curation of pared back furniture heroes – streamlined seating, clean silhouettes in dining pieces and a less-is-more approach with accessories.

BLACK TIE

Modern glamour meets the sophistication and elegance of evening entertaining with Black Tie. A focus on day and night and beautifully atmospheric lighting creates a refined stylish appeal.

With a picture of quintessential New York elegance in mind, what defines the Black Tie look is imagining the interiors of the most polished, alluring of apartments on Park Avenue as the sun goes down, a guest list of the most desirable people and evening cocktails and scintillating conversation flowing. Designed around the notion of sophisticated hosting, the most refined version of nightlife offers up a series of Eichholtz pieces that are beautifully proportioned, harmonious and encourage conviviality.

Impact comes from the considered curation of layering design in the form of the warm glow of lighting with the splendor of bar carts for on-the-spot cocktail making, adding depth to a room with gold-framed mirrors, expansive seating, and beautifully scaped dining tables – all of it creating the foundations for hosting the perfect, most tasteful of soirees.

Tailormade for a stylish life, where guests arrive in pared-back eveningwear, the dark wood of furniture and the subtlety of golden accents in brass or bronze, all of it with a sensibility of genteel evening glamour.

PALM BEACH

Warm evenings outside spent with friends enjoying the tropical elegance of breezy design with light touches of glamour personify the Palm Beach look.

Capturing a beautifully breezy outdoor tropical version of glamour gives us the Palm Beach style. This look is all about leaning into a laid-back summery sensibility created from a palette of sun-bleached shades belonging to nature, such as the softness of turquoise, the blue of the sea and sky, the pale golden shade of sand. Materiality feels tactile, textured, and ultra-relaxed such as rattan, bamboo, lacquered and natural wood and woven outdoor upholstery in outdoor seating.

Alfresco dining furniture and the placement of accessories are ideal opportunities to add charm and a little playfulness, whereas the new outdoor lighting collection brings an atmospheric glow.

The key here is to create an overall sense of well-being and joy, a place where outdoor entertaining feels welcoming, fun, yet elegant. There's a subtle coastal vibe that has great personality and charm where opulence mixed with refined pieces feels both approachable and stylish. Think of the walk along Worth Avenue and the most sophisticated way to embrace an elegant lifestyle.
